Remanufactured Laser and Inkjet Cartridges

EcoPlus is a line of remanufactured laser and inkjet cartridges that emphasizes environmental protection. Each EcoPlus cartridge is manufactured using stringent quality control guidelines and a Global Quality Management System which has received ISO 9001 & ISO 14001 certifications. EcoPlus laser cartridges are built using a recycled spent OEM

cartridge, with critical imaging components replaced in order to provide premium level performance. EcoPlus cartridges provide OEM equivalent page yields and print quality at a fraction of the cost while helping to preserve our environment by reducing waste and pollution.

EcoPlus MICR Laser Cartridges

MICR (Magnetic Ink Character Recognition) is a unique coding that is primarily used to print secured information on items such as bank checks. With thousands of checks being processed every day, every bank machine has to be able to recognize the MICR line. EcoPlus remanufactured MICR laser cartridges are formulated to print precisely as required and to meet the highest quality standards in output quality and performance.

Reasons to buy EcoPlus products

- Every year, more and more toner cartridges are simply thrown away, generating millions of pounds of waste that can take over a thousand years to decompose.
- EcoPlus wants to help lead the effort to protect our planet. We believe that it is our responsibility to take care of our environment and build a better world for current and future generations.
- With every EcoPlus cartridge sold, a percentage of the proceeds are donated towards charities focusing on **ENVIRONMENT, EDUCATION, HEALTHCARE and POVERTY.**

Premium Quality & Performance

- Our premium compatible cartridges are manufactured under stringent quality control guidelines to ensure the highest level of quality and reliability.
- Each cartridge is built using a recycled spent OEM cartridge, with critical imaging components replaced.
- All products go through a rigorous testing process to minimize defective rates.
- Each cartridge is designed to meet or exceed the OEM product specifications for yield, output quality and overall performance.
